Objective

To obtain a challenging position as a Web Developer where I can apply my knowledge of HTML, CSS, JavaScript, Django, and ReactJS to develop high-quality, user-centric web applications while continuously learning and growing in a dynamic environment.

Professional Summary

Aspiring web developer passionate about creating responsive, user-friendly websites. Proficient in HTML, CSS, JavaScript, and Django, with a strong foundation in front-end development and back-end integration. Enthusiastic about leveraging technology to develop impactful web applications.

Skills

- **Front-end:** HTML5, CSS3, JavaScript, ReactJS
 - **Back-end:** Django, Python
 - **Tools & IDEs:** VS Code
-

Projects

Football Bio Website

- Designed and developed a dynamic football blog using **HTML5**, **CSS3**, and **JavaScript**.
- Created an interactive experience with features like Player and Club Stats.
- Implemented interactive dropdowns for Clubs and Players.
- Enabled dynamic content updates based on user interactions.

Sweat Coins - Walk-to-Earn Website

- Built a web application promoting fitness by rewarding users with cryptocurrency for walking.
 - Designed the landing page using **HTML5** and **CSS3** for a visually appealing UI.
-

- Highlighted real-time activity tracking and reward calculations.
- Integrated API-based step tracking for accurate movement detection.
- Developed a rewards system that dynamically converts steps into cryptocurrency.
- Implemented a leaderboard feature to encourage user engagement.

Movie Review & User Authentication System

- Developed a system using Django that allows users to register, log in, add movies, submit reviews, and view ratings.
- Implemented user authentication for secure registration and login.
- Designed a movie management system allowing users to add and view movies.
- Enabled review and rating submissions with dynamic average ratings.
- Secured data validation with Django forms and authentication system.
- Integrated a search functionality to help users find movies quickly.
- Implemented pagination to improve browsing efficiency.
- Enhanced security by adding password hashing and reset options.

Education
